Lewis & Clark County

Located in western Montana, Lewis & Clark County is Montana’s sixth most populous with 56,094 residents, according to the 2001 estimates produced by the U.S. Census Bureau.

Helena, the county seat and state capital, is the state’s sixth largest city with a population of 25,780. The city is located at the junction of Interstate 15 and U.S. Highways 12 and 287, halfway between Glacier and Yellowstone National Parks.

According to the *Montana Almanac*, by authors Andrea Merrill and Judy Jacobson, the county was established in 1865, was one of the first nine territorial counties and was originally named Edgerton County for the first territorial Governor Sidney Edgerton. The authors say Helena was named after Helena, Minnesota, by former resident of Minnesota John Somerville.

According to the U.S. Bureau of the Census, median income for Lewis and Clark County households in 1999 was \$37,360. The county is 3,497.6 square miles in area; 3,461 square miles in land area and 36.6 in inland water area.

County residents experience the four distinct seasons. According to the *Western Regional Climate Center*, the average daily low in Helena in January between 1971 and 2000 was 9.9 degrees above zero. The average daily high in July was 83.4 degrees above. The annual precipitation during the same period was 11.32 inches and the growing season was from May 14 to Sept. 19 (last and first frost).
